“ *My Neighbor Ms. B the gardener.*

As I look into the world, there are many professions I see. None quite as beautiful as the gardener you see. My Neighbor Ms. B has an array of beauty to view I agree. There are many plants some I know and others I don't to a degree. Nevertheless, she always knows which ones to prune, cut, and water to keep. They live in perfect harmony some tall, short, wide, and skinny they all dwell in glory. You see what I See out my window daily is a constant reminder of how God places us in his heavenly garden. What an awesome responsibility to tend to what God grows and gives us as his piece of glory! She works very hard on her garden sometimes spending several hours to show us her story. Yes indeed she's a reminder of just how much God loves us. You see the word of God reminds us if we abide in him and his word abides in us then we can ask what we will, and he'll grant it I trust. Just remember we may be cut and weeds may grow with us but as MS. B has an array of beauty when God's done so will we be in this garden he thrust. In the end we will become a picture perfect puzzle just like MS. B my neighbor the Gardner yard next door to me.AMS
