I'm hurting but I hurt more for Shonna, E, Maya, Fantasia , Veronique and Derricka . He was truly you guys' dad and Role model. And I grew up with y'all so he was a father figure to me as well. I witnessed everything he did for y'all and I felt so included. He taught me how to skate and ride a bike when he taught maya. Idk how any event will ever be the same, I'll always look forward to his energy. Truly a sad time, and a big loss.

My Brother
Oh my brother, thy light was extinguished too soon. I mourn against the darkness- No! I rage against the emptiness which thy absence bringeth forth. Thy life was wondrous and glorious amongst simple beings. Brought forth you did a life of fulfillment and joy. Thy light brighten the world of those whom were blessed to exist in its rays. An illumination of epic proportions. Thy light shall exist within me and others and light our way for the rest of our days. And though I rage against the emptiness, I shall endure-for thy light has brought us a hope, a promise that shall not and can not be extinguished. Thy light is strong and thus has made us strong. I shall be strong for you my brother - from now till for always.
Rest in peace my friend my brother
