“ *Gayle was my mother's God Daughter I have know her since we were on Michigan. She was about 6 years old. My grandma lives in the next count way from the McKiney Family. She watched my children. My mother had an apartment next door to Mable when I was 16 years old. Gayla and I were very close and were born under the sign of Pisces. All of our life we shared a sisterhood of love and she was the only one that could make me believe in constructive criticism. She sharpened me and I will miss her Love. Be Blessed My Sister I will see you on the other side!!!!*

“ *Martrice,
I was really sadden to hear of the lost of your Mom. I know that this is a trying time for you and the family. I can only say that with time you will remember the good times and laugh at all of the memories. We shared a lot in the last few years and I can only say that I know this is hard. Keep in mind her love for you and cherish all of the memories. (as your Auntie Cindy would say LOVE at the end of every conversation we had). You and the family are in my prayers,

“ God has brought his angel to himself. He is pleased. To my family. You have gained an angel as well. God will heal your heart day by day and allow the pain to subside even though you miss her. I Pray for you daily that he will be light in the darkness for you and that he will be there when no one else is there. I promise he will. I know personally. Love u family.

This us as a family making memories, laughter and plenty of fun, I will miss you Auntie Gee-Gee 🥺

D'Contessa Williams - May 19, 2020 at 10:28 AM

“ Where do I even begin? I loved me some Auntie GeGe! I remember living with her and Uncle Alque and man did we have a blast. I didn't know I could have friends so old. Haha. We partied often. They had me lit at night and woke me up for work in the AM.

Auntie Gege and I become so close during this time. We'd sit up and talk about whatever whenever for hours till it was dark out. I would cook and she surly didn't want eat what I mashed up, but she would try it even if it was terrible. 😂 She was surly a mother figure to me.

Even after I moved out, to head back to college, we couldn't help but keep in touch. We were constantly sending each other pictures and updates through WhatsApp.

She surly got her roses in life! I can't wait to see you again! I love you so much my dearest Auntie Gege. 🥰 What a good friend I had you.
