When my family and me first met you you Ask delete took us in as your niece and nephew's. You always watched over us and made sure we was cool no matter what it really breaks my heart to hear you transitioned to the next faze of life and we can no longer talk to you and take your advice and help us deal with life's issues but I'm going to be ok and my family to because we know you no longer have to suffer on earth and you have completed your mission God placed you here to do now rest uncle hank and watch over all of us.
