“ *James L Dunn was my older 1st cousin. He was probably the second smartest person in our family. He was single minded and focused on ALWAYS being successful. As children we (James, myself, and Harold & Michael Carr (his nephews)) had Christmas dinner at our grandmother's in the country of Cedar Hill, TN We used to light fire crackers. It was just good clean fun. He was a tremendous left handed bowler (games of 200+). We all bowled during the teen years at Pinnacle Lanes in Nashville, TN. In 1975 I was interviewing for Jobs before graduating from Fisk University. At that time he was living in Pittsburgh,PA, I called him and told him I was interviewing with PPG in Pittsburgh. He picked me up at the airport with Diana (his girlfriend) and took me to Hilton at Point Park where I was staying that night. In the mid 80's we were both living in LA. When he was out interviewing for Xerox I picked him up one night. We had dinner at El Toritos in Culver City and had a good time. Again we spent time together in Nashville, TN in May 2003 after my mother transitioned from earth. James, Mike Carr and Betty Jean Killings (our cousin from LA) help me clean out my mom's apartment. *I just found out that my cousin James L. Dunn passed away
I use to go over to his house during the summer when school was out
He was my first cousin*

*His a sister would keep us while his mom ,my aunt worked
James and I would write each other all the time when he was in the
service but I lost contact with him after he returned home
I last saw James in 2003 when I came back to Tennessee for another
aunt's homecoming service*

*I would have so much fun with his mom ,my aunt. She was so funny.
I tired to contact James over the years but had no luck*

May he Rest In Peace
