“ My auntie Janice use to baby sit me when I was a baby. My say everyday she would leave me with Janice and when she got back home I would be hungry she could figure out why so one day she can home early, and to Janice surprise momma cough her drinking all my milk for that day. She was bushed and that was the end of her baby sitting. I started to gain weight. Janice has gotten fat. I will never forget that story from my mom. She was always funny I never seen her mad at anybody. Love her to death. She will be missed.

“ *I am blessed to have so many memories with Aunt Janie! She was the life of the party, had the best "girl" advice, you never had to worry about what she was thinking because she always boldly told you. She had stories for days. She loved on you hard even when you didn't know it. She had a way of giving you life advice while making you blush all at the same time.*

*Aunt Janie will be missed.*
