“ *From the 7th grade, I always knew you were my sister from another mother. I don't know where I would have ended up, if I wouldn't have ran into you the night I ran away from home. You and I took an oath to always remain friends for each other and we do did that, it didn't matter how much time we went without talking we always picked up where we left off. I so thank Allah God for placing you there that night, I also want to thank you for all the years of your loyalty as my friend and sister, I also want to thank Allah God for reconnecting us and giving us a chance to tell each other that before you received your wings. Thank you FuFu I love you and always will.*

*My deepest condolences to your children, your siblings and I pray that you continue your journey with grace and mercy*
