“ *God bless you my friend Leon. I will miss you dearly. I always looked forward to our annual meeting during tax season so that you could teach me more about the Father and provide insights about the Holy Spirit like no one else I know. Who could have known that our meeting in February was the last one on earth together? I lost a great friend but heaven has another believer to worship God forever. So bittersweet -- I'll remember the stories we shared together and how we talked about being with the Lord one day -- you just arrived a little before me! Your faith has turned to sight.*

“ *My greatest Memories Of Leon were when i would come into work each day and go into my office, i would see Leon working and organizing papers in the conference Room and I would say Peace And he would say "Grace, Bless you Brother" he would always brighten my day when we would have our conversations. The Last Time i spoke With Leon was a Blessing Because I was a Little stressed out that day and i was about to go down stairs to check on a computer issue. As i open the door he stopped me asking me how i was doing and How good GOD was saying " The Man Upstairs is in control and he will Supply". we must have talked for at least 15min and said that was his sermon for me today. and he didn't know Why he said that but i Know why.*
