“ *Very few things in life hurts as much as losing a loved one in death. My condolences to your family. Thus, it is at this time that we turn to the scriptures for comfort. Job asked: "If an able-bodied man dies can he live again?" He said to God: "You will call, and I myself shall answer you. For the work of your hands you will have a yearning."-(Job 14:13-15) We will all have the chance to see our dead loved ones again-happy & in good health! Thanks.*
