“ There are many great memories I have, being a brother of Raymond, I've known him all my life, Me and a few other good people call him (Rainbow), nothing would describe him more, than that name, because he was a person, that could talk to anyone, and be loved by everyone, he was a man that would relate and have love to all people, from all walks of life, he could relate to anyone in a special sophisticated charming way, so the name (Rainbow) was fitting, I remember one special time, among many, when family and close friends would have softball games every week, that was a special time and season that he would be in a special happy place, So I know now (Rainbow) will forever always be in a special place, and always have joy and happiness, for eternity, Thank You, For All The Great Times Rainbow, you'll always be one of the few chosen to put a pure real (Rainbow) in everyone's life.
