“ *I just heard the news...I just can't believe this!*

Robyn treated my family and I like here very own. My wife and I would look forward to driving an hour every year just to have our tax needs done by someone we grew to love. Every-time I would come see her, we would just sit back and laugh at how fast we would be done, I would already have the write-offs itemized and in order. Each year would be faster than the year before. I'm glad I took my children with us to do our taxes the last few years, because they had a chance to to meet her, be spoiled by her and she would always give us all really big hug before we left. I can still remember her hugging me and my wife and whispering in our ear what a fine job we were doing raising such well-behaved children.

We love you Robyn and I will never forget all that you have taught me, your wisdom, your warm smile, the love you gave and those great big hugs!
