“ Terry was a very dear friend to me. He took me to my first Que dance at TSU when I was only a Freshman. He was such a gentleman and that meant a lot to me since my dad was a Que and daddy had warned me about "ALL" Ques! Terry remained a friend to me throughout my years at TSU and was always sweet and very helpful. We had a good time at TSU and would often see each other at Homecomings! He was constantly dedicated to his brother Jerry and saw that he was well taken care of. Terry was very proud of his family life as well and dedicated to his daughter Tia! Whenever we talked, he was full of stories about his daughter, Tia! She was the love of his life!

I will miss meeting up with you at TSU Homecomings, but look forward to meeting up with you at another Homecoming in Heaven someday....RIH Terry!

“ I met Terry when I worked at Moraine Valley Community College. He was truly committed to student success and was a huge TRIO advocate. I remember being in meetings with him and listening to him speak passionately about the work we needed to do in order to prepare our students for their bright futures. Many students would drop by his office for advice both academically and personally and he never turned them away.

I remember when I attended an Omega Psi Phi event with my Sorors and saw him there. I didn't know he was a Que and he didn't know that I was a Delta. We laughed long and hard because we discovered that we had another connection beyond MVCC. From that moment on, Terry would reach out to me and invite me to different events that his fraternity was hosting. And, when I left MVCC he would check in on me and make sure that I was doing okay. When my daughter expressed an interest in Butler University, I reached out to Terry. He encouraged us to do the campus visit and shared with us the different scholarships that she would be eligible for based on her academic standing.

As I type this, I cannot help but think of his daughter, Tia. He loved her so much and was so very proud of her. I don't think there are too many of us who does not know a cute story about his relationship with her daughter. I hope she feels his love even know that he is her guardian angel in heaven.

I hate that I found out about his death today and missed his services. In any case, I just want to say “Terry, thanks for the memories. May you rest well in the arms of our Lord and Savior.”

“ As so many people have said, or wrote, Terry Chambers changed people's lives. Terry walked the walk, and talked the talk of professionalism, kindness, mentoring, and trying to have fun in life. The world has lost a one of a kind man. My thoughts and prayers go out to his family and friends, and fraternal brothers. J

Jane Klingberg, one of the many people who's lives were made better by having spent time with Terry.
