“ My deepest condolences to you, Mrs. Denise, this is a bit shocking for me. As I just found out yesterday. I want to tell you that your husband was a hero for me. He took me out of the darkest place in my life, and turned me around. He canceled me when I thought there was no way out. You had an amazing husband. He will be Forever remembered in my book. I can't even express the gratitude I have for him. It is too big. He will be dearly missed. He was one of a kind. There is not another Dr Deer on this earth. I'm grateful that I get to see him again and Heaven. I pray you all get through this time. In the mighty name of Jesus. Love and blessings

“ I met Commissioner Deer during the pandemic. He was in front of his office helping staff pass out boxes of fruits and vegetables. He was such a polite and personable man. My deepest condolences to his family and colleagues. Reading his obituary it was easy to see how much respect he had from everyone interacting in his personal and professional life. May God welcome him home!

“ *Mrs. Deer and family,
My heart goes out to you and your family as you navigate this unbearable loss.
Our lives overlapped a little at Northwestern. My husband received a single lung transplant about a month before your husband, so I can truly say that I know what your husband endured to survive.
Please remember how blessed your family was to have their husband and father for 13 more months. Dennis was also blessed to have a family there to support him through his recovery.
I will keep all of you in my prayers.
