“ *My cousin Vicki. She was such a special and unforgettable person with a soul who touched my soul. My parents brought us up in California but when I was a newborn they took me on a tour to meet everyone in Chicago and beyond. She was probably one of the very first people who I ever met and that connection has endured and will do so forever.*

*My wife Parry and I are saddened that she is no longer here to see but we are comforted knowing that she will still be with us always.*

*We love you Vicki.*

*I've known the Moore family since 1970. My introduction to the family changed my life in ways I hold dear to this day.*

*I was lacking in confidence and self-esteem. Vicki's mother helped to bolster my self esteem. She was kind, endearing and full of life something I had not experienced. The Moore's were affectionate and always giving each other hugs, something else I had not experienced, but quickly became accustomed. It is from that experience I now love to give hugs...there is something about a warm and genuine hug.*

*Their congregation affiliation, the Apostolic Church of God, (ACG) had a greater impact on my life. Toni, Vicki's sister befriended me and introduced me to the church and it was an Aha moment that served to open my understanding of God and his love for me. It was at the ACG I heard salvation by grace and grace alone...God's unmerited favor...my salvation was secure. The chains of religious bondage fell off and my life has never been the same.*

*I will always have the highest regard for this family. God allowed our paths to cross to fulfill the plans he had for me.*

*Blessed are those who die in the Lord; their living is not in vain.*
