“ *To remember Mr. Russel is to remember a man of substance, a well respected father, husband and a loving person to all, a man who was always there to listen when you needed advice, a man of no prejudice towards knowing who you are without judgment and wasn't shy about expressing his expectations, especially when he knew I was dating his daughter. The times I will remember most is the numerous times he took me to the airport whether for business or pleasure through some of the worst weather conditions and freight train road backup, he always seem to know the right turns to make to get around the roadblocks, I never missed a flight even when I was running late. He was always there. That's where I got to really know this great man. I will miss his laughter and the conversations we had when it came to sports, he loved his sports. I will miss him greatly.*

My condolence goes out to the whole family.
